

Oregon & Washington Bottom Fishing Trips www.fishingchartersoregon.com

Bottom fishing trips almost always provide an excellent catch of various types of fish and are a memorable and fun experience for all ages, one of our most popular trips by far. Trips are offered off both the Oregon and Washington coasts aboard a 30 to 55 foot charter boat that can accommodate from 6 to 20 persons. Deckhands are available onboard each boat to help anglers hook and land their catch and to provide helpful tips and assistance to insure a fun trip.

On most trips you'll be in sight of the beautiful Oregon or Washington coastline, fishing near shore in 60' to 200' of water. Your trip will take you over kelp pads, reefs and pinnacles which hold a rich habitat for the wide varieties of bottom fish that you will catch. Offshore deep water trips typically provide the best catch of the larger size bottomfish and lingcod.

Light tackle trips are also available at limited locations. Light tackle trips are performed on near shore reefs (50-70 feet of water) and are recommended for families with kid's ages 5 to 12 years. The tackle used is light and easy to handle and provides excellent action. The shallower water and light gear makes it very easy for young anglers to reel in their catch.

Trips are on USCG inspected vessels. Frequently caught fish include blues, rock fish, sea bass, Cabazon, quill back, tiger rock, yellow tail, rose thorn, turkey rock, vermillion, and china rock. Lingcod are also caught at times. Photos: green boat Newport, blue boat Tillamook.

Each person can catch and keep up to **seven bottomfish** plus **two lingcod**. *Bag limits may change due to inseason regulations.* Limits are consistently caught, so your fresh catch will provide a mouth watering fish feed! Nothing can beat the taste of fresh ocean-caught ocean Bottomfish.
